RESPECT.

It's the name of the game.

Sportsmanship is a core value of the NCAA. The NCAA Committee on Sportsmanship and Ethical Conduct has identified **respect** and **integrity** as two critical elements of sportsmanship and launched an awareness and action campaign at the NCAA Convention in January 2009.

2010 & 2011 NCAA MEN'S AND WOMEN'S BASKETBALL RULES

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

Men's and Women's Committee Actions for 2010 & 2011

This year the Men's and Women's Basketball Rules Committees reviewed more than 46 rules change proposals. Feedback gathered during the year was vital to their discussion regarding rules changes. Approximately 52 percent of coaches responded to the men's and women's surveys. In addition, the women's rules committee hosted Rules Forums and gathered feedback from more than 300 coaches.

During the 2008-09 season, a subcommittee comprised of members from the men's and women's rules committees examined the uniform rule in an effort to meet the request of coaches and apparel manufacturers to allow more color and design freedom on the uniform. As a result, the uniform rule was rewritten to accommodate those requests. The rule change establishes a neutral zone of a single color, which is restricted to permit only an institutional or player's name and player's number. However, there is no color or design restriction outside the neutral zone. This rule change will go into effect beginning with the 2012-13 season following an extensive educational effort for all involved.

The most significant rule change approved by the men's committee was to address contact around and under the basket. A restricted area arc was proposed and discussed by the committee, but ultimately, the men's committee decided to make the area under the basket off limits to secondary defenders. It is the committee's hope that this rule change will address contact concerns without changing court markings.

For the first time in women's basketball, the courtside monitor may be used to review a flagrant foul. Although this has been a rule for men's basketball, the women's basketball rules committee felt it necessary to adopt this rule giving all officials access to use the courtside monitor to penalize basketball's most egregious act. Both the men's and women's committee added to that rule the option for the official to call an intentional personal

or a technical foul for contact during a dead ball when after reviewing the monitor it is discovered that a flagrant foul did not occur.

This season, all NCAA institutions are required to have movable rims. Beginning next season, the 2010-11 season, NCAA Divisions II and III institutions will be required to have a game clock that shows a 10th-of-a-second display and a red light placed behind each backboard or LED lights placed around each backboard. Also beginning next season, NCAA Division III institutions will be required to have shot clock displays recessed and mounted on the backboard supports.

This rules book begins a two-year rules book cycle. The next rules book will not be printed until the 2011-12 season. This two-year cycle will allow the committee to more closely examine our current game, as well as, discuss with stakeholders in the game the direction, concerns and needs of the game. While the hope is that the current rules remain unchanged for two years, the committee does have the liberty to review rules changes that are considered emergency in nature or critical to the game.

Men's Changes for 2010 & 2011

Each changed or altered segment is identified in the rules text by a gray shaded background.

Court and Equipment. 1-12.5. Neon, electric, LED or artificially lit signage shall not be permitted on the backboards or backboard supports. When the signage is improperly positioned or located, the referee shall instruct home contest management to deactivate such signage.

Court and Equipment. 1-15.2. The ball's color shall be Pantone Matching System (PMS) Orange 151, Red-Orange 173, or Brown 1535.

Officials and Their Duties. 2-13.2.d. Determine if a contact flagrant foul occurred. When it is determined that a contact flagrant foul did not occur but an intentional personal or a contact dead ball technical foul did occur, those fouls shall be penalized accordingly. However, no other infractions may be penalized.

1. When there is a foul called for contact, the officials, with a plausible reason, may review the severity of that foul during the dead ball period following the call. When the ball becomes live, there shall be no further review of the made call.

2. When the officials fail to observe the foul, the time frame in 2-13.6 shall be used to penalize the infraction.

Officials and Their Duties. 2-13.6. When officials err and fail to observe a contact flagrant foul or a fight, they are permitted to correct and penalize these infraction(s), with the use of a monitor review, within the following time frame:

- a. When the game clock was stopped:
 1. During the first dead ball after the clock was properly started.
- b. When the game clock was running:
 1. During the first dead ball after the clock was properly stopped; or
 2. Before the second live ball when the ball became dead after a successful goal but the clock continued to run.

When it is determined that a contact flagrant foul or a fight did not occur or did not occur within the prescribed time frame, play shall be resumed where the stoppage of play occurred to review the act. When it is determined that a contact flagrant foul or a fight did occur within the prescribed time frame, the infraction(s) should be properly penalized and play shall be resumed by awarding the ball to the offended team where the stoppage of play occurred to review the flagrant act. (Men) When a flagrant technical foul or a contact dead ball technical foul is assessed, play shall be resumed by awarding the ball to the offended team at the division line on either side of the playing court. Any previous activity before the monitor review shall not be cancelled or nullified.

Players, Substitutes, and Equipment. 3-3.2. After the 10-minute mark is reached on the game clock that is counting down the time before the start of the game and until the end of the game, a team shall be charged a maximum of one administrative technical foul for changes made to the scorebook. The only changes permitted are those necessitated by obvious injury, illness, blood on the uniform, the replacement of a designated starter to shoot a technical-foul free throw, or the correction of a scoring or bookkeeping mistake.

Players, Substitutes, and Equipment. 3-5; 3-6 and 3-8. (In summary) The rule on uniforms was rewritten to allow more freedom of design while protecting the integrity of the number. In summary, an area designated as the Neutral Zone will house only the player or institutional name/mascot,

and player number. There will be no color or design restrictions outside the Neutral Zone. The game shorts must be a color similar to that of the Neutral Zone. Also, the committee will allow a headband or hair control device to be beige in color.

Players, Substitutes, and Equipment. 3-9.6. (In summary) Mouth guard protectors were added to the list of appropriate basketball equipment.

Contact Dead Ball Technical Foul. Rule 4-23.3.f. A contact dead ball technical foul occurs when the ball is dead and involves contact that is unnecessary, unacceptable and excessive.

Secondary Defender Under Basket. 4-35.7. A secondary defender may not establish initial legal guarding position under the basket when playing a player who is in control of the ball (i.e., dribbling or shooting) or who has released the ball for a pass or try for goal. A secondary defender is a teammate who has helped a primary defender who has been beaten by an opponent because he failed to establish or maintain a guarding position.

“Under the basket” is defined as from the front and side of the ring to the front of the backboard. A player is considered under the basket when any part of either foot is in this area. (Note: An approved ruling will indicate that a player straddling this area is considered to be under the basket.)

In establishing position in any outnumbering fast break situation, a player may not establish initial legal guarding position under the basket since there is no primary defender. When illegal contact occurs, such contact shall be called a blocking foul, unless the contact is intentional or flagrant.

Definitions. 4-58. A standard collegiate scorebook/scoresheet is recommended.

Live Ball and Dead Ball. 6-2.3. After an initial jump ball or a jump ball for the start of an extra period(s) when possession is not gained by either team which would establish the alternating possession procedure, a jump ball shall take place between any two players.

Injured Free Throw Shooter. 8-2.3 When a player is injured and is unable to attempt his free throw attempt(s), the coach from the opposing team shall select one of the four remaining players on the playing court to attempt the free throw(s). When the foul is intentional or flagrant and the injured player is unable to attempt the free throw(s), the injured player’s

coach shall select any player or team member to attempt the free throw attempt(s).

Women's Changes for 2010 & 2011

Each changed or altered segment is identified in the rules text by a gray shaded background.

However, no other infractions may be penalized.

1. When there is a foul called for contact, the officials, with a plausible reason, may review the severity of that foul during the dead ball period following the call. When the ball becomes live, there shall be no further review of the made call.

Points of Emphasis

In each edition of the NCAA Men's and Women's Basketball Rules, there are several areas that are given special attention. These are identified as points of emphasis. While they may not represent any rules changes, their

importance must not be overlooked. In some cases, the points of emphasis are more important than some of the rules changes. When a topic is included in the points of emphasis, there has been evidence during the previous year(s) that there has been inconsistency in administering these areas.

Points of Emphasis for Men

Charge/Block/Player Control Fouls

The charge, block and player control foul situations that occur at the basket area are points of emphasis. The expectation is that any illegal contact that occurs at the basket area by either offensive or defensive player (block, charge or player control fouls) shall be penalized as prescribed by the rules.

To discourage a secondary defensive player from attaining initial guarding position under the basket with the sole purpose of drawing a charge rather than making a legitimate attempt to play the offensive player, the Rules Committee passed a rule that calls for such an action to be ruled a block on the defensive player. A secondary defender has been defined as a teammate who has helped a primary defender who has been beaten by an opponent because he failed to establish or maintain a guarding position.

This rule change does not discourage team defense in that the “help” by the secondary defensive player may be established anywhere on the playing court other than under the basket.

Excessive Swinging of the Elbows

Last year, there were increases in excessive swinging of the elbows. This action should not be ignored because of the associated danger to another player. Contact resulting from an illegally thrown elbow can cause serious injury. Consequently, excessive swinging of the elbow(s) is a point of emphasis.

When the arm and elbow, with the shoulder as a base (pivot) are swung with a speed that exceeds the rest of the body as it rotates on the hips or on the pivot foot, that action is considered to be excessive. Contact, after such an action, shall not be ignored but shall be called a flagrant foul. When the player’s arm(s) and elbow(s) are swung excessively but without contact, a violation has been committed.

When the arms and elbows and the rest of the body move with the same or similarly generated speed and contact occurs, that contact is not considered to be excessive. However, the contact is illegal, and a foul shall be assessed.

Player(s)/Team Member(s) Interactions

A concern of the Rules Committee is the developing relationship between players and team members that demonstrates a lack of mutual respect. A goal of the “Rules of the Game” is to provide a safe environment where players can execute their individualistic skills. Important to the attainment of that goal is that players and team members develop a positive respect for each other through their involvement and display acceptable forms of sportsmanlike behavior.

Basketball is a competitive game, which by its very nature may lead to adversarial relationships between opponents. However, the relationship should not foster a negative interaction. Taunting, baiting, ridiculing, finger-pointing, trash talking or inappropriate gestures (obscene, provoking, and intimidating) are unacceptable forms of unsportsmanlike behavior. Individuals should employ a behavior that respects the skill level of an opponent and should not create an atmosphere that negatively influences the attitude of the game.

Since sportsmanship in the behavior of players and team members is a core value, appropriate measures must be taken to control any demeaning and/or degrading action.

Additional Major Concerns for Men

The Rules Committee has identified the following as other major concerns that need to be addressed because of their increased incidence of occurrence:

Disconcertion

By rule, no opponent shall be permitted to disconcert (e.g. taunt, bait, gesture or delay) the free thrower after the ball has been placed at his disposal. A free throw is a penalty for a committed infraction and any disconcertion that interferes with the completion of that penalty shall be properly addressed. Special attention shall be directed to the act of raising the arms by an opponent, along the lane, while the free thrower is in his habitual motion of attempting his try. This act of disconcertion is unsportsmanlike and must be called.

Three-second Rule

The Rules Committee is concerned with uncalled three-second violations. The basis for this concern is that these uncalled infractions provide a distinct advantage for the offensive team.

As a reminder, a player is not permitted to have any part of his body in the three-second lane for more than three consecutive seconds while the ball is in control of his team in his front court. (Exception 9-9.1.a).

A three-second count shall be suspended when a player who has been in the lane for fewer than three seconds has made a conscientious effort to leave the lane, usually by taking the shortest distance out of the area. When the player decides not to leave the area and has been in the lane for more than three seconds, he has committed a violation.

When a player, who has been in the lane for fewer than three seconds, immediately dribbles or makes a move to try for a goal, the three second count shall be suspended to allow for the completion of the try. However, when the player passes the ball or aborts his try for goal, the suspended count shall continue. When that player is in the lane for more than three seconds, a violation has been committed.

Points of Emphasis for Women

Contact on and by the Ball Handler/Dribbler

Illegal contact by defenders *on* the ball handler/dribbler and illegal contact on the defender by the ball handler/dribbler will once again be a point of emphasis for women's basketball. Much progress has been achieved in application and consistency in enforcement; however, there remains room for improvement. A ball handler/dribbler is any player with player control (holding or dribbling) outside the lane area, either facing or with her back to the basket; or a player with the ball in the lane area facing the basket. Coaches must teach players proper offensive and defensive techniques to be utilized in this situation. Officials must continue to enforce these guidelines to promote consistency. By doing so, players/coaches adhering to the rules will be rewarded, and the desired outcome of a more "free-flowing" and "wide-open" game will be achieved.

Contact *on* the Ball Handler/Dribbler. The defender is permitted one touch with one hand (front or back) on the ball handler/dribbler in order to "measure up" – this has been called a "hot-stove" touch. This one-time

measure-up is the only defensive touch permitted on the ball handler/dribbler. Previous guidelines will again be enforced for this basketball season. A foul shall be called on the defender when:

- a) She contacts the ball handler/dribbler: with an arm-bar (contact with the forearm that is away from the body); more than once with the same hand or alternating hands; with two hands; or with one hand and keeps it on.
- b) She uses the hands/arms to hold or push the ball handler/dribbler.
- c) She uses her body to hold, reroute, impede or displace the ball handler/dribbler.
- d) Any holding, pushing or displacement occurs.

Contact by the Ball Handler/Dribbler. Again, emphasis will also be placed on the illegal actions of the ball handler/dribbler as she attempts to create distance between herself and her opponent, resulting in an advantage that was not intended by rule. A foul shall be called on the ball handler/dribbler when:

- a) She contacts and holds off her opponent by extending the non-dribbling arm or creates space by displacing her defender.
- b) She initiates contact and dribbles (charges) into her legally established defender.
- c) She “backs down” and displaces her legally established defender.
- d) Any holding, pushing or displacement occurs.

Traveling

This is the third year traveling will be a point of emphasis. Great progress has been made in nearly all aspects of the game that involve traveling; however, special emphasis still is needed in two areas: the spin move to the basket and perimeter shooters taking an extra “hop” just after they receive the ball or just before releasing the try.

a) Spin Move. A spin move is typically utilized by a ball handler/dribbler in an effort to create separation from her defender and to close the distance to the basket. It is an exciting and athletic move; however, the rules regarding traveling must still be followed. When the player gathers the ball – usually with two hands – by rule, she has ended her dribble. When she ends the dribble, she establishes a pivot foot. That pivot foot may be lifted but it must not be returned to the playing court before the ball is released on a pass or try for goal.

Many players are performing this move illegally when they gather the ball and establish a pivot foot, spin on the other foot and then return the pivot foot to the court as a “plant” foot before the ball is released on a pass or try for goal. This is likely done to change the player’s momentum from horizontal to vertical and propel them upward for a jump shot. Once that pivot foot is returned to the court and the player has not yet released the ball, a traveling violation has occurred.

b) Shooter’s Hop. When a stationary perimeter shooter receives a pass while in contact with the court a pivot foot has been established. When after receiving this pass the shooter then immediately hops with both feet to achieve a desired shooting position, she has violated the provisions of the travel rule. The shooter may legally perform a jump stop prior to releasing the try if she is moving or dribbling, and with one foot on the court, she jumps off that foot and simultaneously lands on both feet. From that position she may jump and release a try, but may not pivot on either foot.

Sportsmanship – Player/Bench Behavior

Player. For the third consecutive year, player technical fouls for unsporting behavior have increased. This trend continues to concern stakeholders in the game of women’s basketball. Excitement, passion and emotion continue to be desired qualities in our players, but they must be harnessed and displayed appropriately. Some specific areas of concern are:

- a) Players’ taunting and attempting to intimidate opponents with words and/or gestures during live and dead balls.
- b) Nonincidental dead-ball contact with/on an opponent. (*NOTE: Contact that occurs after a whistle has blown, that is not incidental and cannot be ignored, by rule, must be penalized with a technical foul.*)
- c) Opponents’ posturing up or squaring off as if to fight – or actually engaging in a fight.

Bench. Head coaches are expected to stay within the confines of the coaching box; wandering beyond the box and onto the court is dangerous to players and distracting to the game. Assistant coaches and all bench personnel are to remain seated while the ball is live, except to spontaneously react to an outstanding play, immediately sitting down afterward. The head coach should be *the* spokesperson for the team and address officials appropriately with questions and/or concerns.

Preface

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

The NCAA Men's and Women's Basketball Rules have been designated as either administrative rules or conduct rules. Typically, administrative rules are those dealing with preparation for the contest. The conduct rules are those that deal directly with the playing of the contest. Some administrative rules (as indicated) may be altered by mutual consent of the competing institutions. Others (as indicated) are unalterable. No conduct rule may be changed by mutual consent. All NCAA member institutions are required to conduct their intercollegiate contests according to these rules.

In the Men's and Women's Basketball Rules, the administrative rules that may be altered by mutual consent of the competing institutions are **Rule 1, Sections 2, 3, 17, 20 and 3-5.10**. The administrative rules that may not be altered are **Rule 1, Sections 4 through 7, 15, 16 and 18; Rule 2, Section 1**; and the free-throw lane diagram. All of the other rules are conduct rules and may not be altered.

The rules are divided into articles for ease of reference. Equipment/apparel rules that are of concern primarily to manufacturers are contained in the rules supplements that follow this section. All court measurements are included on the expanded court diagram.

Those desiring interpretations of rules or play situations will receive prompt replies if they send their requests in duplicate, number their questions, leave space after each for the reply and enclose a self-addressed, stamped envelope or send via e-mail.

Rules Supplements

Court and Equipment

1. **Playing Area.** When possible, building plans should provide for a playing court with ideal measurements as stated in Rule 1-2 and listed on the court diagram, ample out-of-bounds area and needed seating space for scorers, timers and fans. A long playing court permits use of two crosswise courts for practice and informal games.

It is recommended that padding that meets current ASTM standards be used on walls and other facility features in or around the playing area that a student-athlete might contact during play. Padding should be installed no more than 4 inches from the floor up to 6 feet.

2. **Ceiling.** The ceiling and anything hanging from it (other than the basket) should be at least 25 feet above the playing court and higher if possible.
3. **Boundaries.** The committees recommend that a belt 8 inches or more in width be used to mark the boundaries on all courts that have at least 10 feet of open space between the boundary lines and the seating. This plan is urged for all new construction and for other similar courts when the boundaries are re-marked.
4. **Lighting.** The court should be uniformly and adequately lighted. Lighting engineers should be placed in charge of this important factor when planning any new installations. For information on recommended specifications for lighting, contact the Illuminating Engineering Society of North America, 120 Wall Street, 17th Floor, New York, New York 10005; telephone 212/248-5000.
5. **Warning on misuse of portable backstops.** Manufacturers and administrators should be aware of an “extreme-caution” warning relative to the misuse of portable backstops. A high degree of injury potential and a severe liability problem exists when anyone is allowed to hang, sit or stand on the basket ring or backboard. Administrators must see that this practice is prohibited or that the portable units are lowered at the completion of the game because of the high risk of severe injury, even death. A recommended warning or inscription such as “Danger—please do not get on the rim/backboard” is desirable.

6. **Locking Backboard.** It is recommended that a locking device/safety arrester be used for ceiling and wall-mount backboard systems that are retracted by motor-pulley cable arrangements.
7. **Backboard Padding.** It is recommended that the required padding for the backboard be mounted on the backboard by adhesive or material such as Velcro or channel. The bottom and each side of the backboards shall be padded with a Poly High-Car vinyl-type material that meets the Bashor resilience test with a range of 20-30.

A lavalier-type microphone properly positioned in the crease of the backboard padding or between padding and backboard is permitted since it is not located on the padding and does not interfere with a live ball or create a safety hazard.
8. **Ring.** The design of the ring and its construction should be such as to maximize player safety. A movable basket ring shall have rebound characteristics identical to those of a nonmovable ring. The pressure-release mechanism should maximize these characteristics, as well as protect both the ring and backboard. Movable rings are required.
9. **Ring Testing.** It is *required* for Division I and *recommended* for Divisions II and III that all competitive rings for **men** be tested for rebound/elasticity once before the season and once before the postseason. It is *recommended* for **women** in all divisions that such testing be done three times during the season. It is recommended further *for both men and women in all divisions* that basket ring loads be transferred to the support system by a single strut boom behind the backboard, or to the backboard frame. The pressure-release/elasticity mechanism on movable rings may be field adjustable. When released, the ring shall not rotate more than 30 degrees below the original horizontal position. After release and with the load no longer applied, the ring shall return automatically and instantaneously to its original position.
10. **Marking the Court.** When marking a court, manufacturers should start at the center of the court rather than at either end.
11. **Timing Equipment.** Division I schools shall have a game clock that shows a 10th-of-a-second display when less than 59.9 seconds remains in a period.

Division II and Division III Note: Starting with the 2010-11 season, a game clock that shows a 10th-of-a-second display shall be required.

Division I schools shall have either a red light placed behind each backboard that is visible through the 24-inch-by-18-inch rectangle or LED lights around the backboard. The purpose of either is to indicate when player activity is terminated. If LED lights are used, they shall be positioned no more than 6 inches from the upper and lower edges of the backboard and no more than 5 inches from the side of each backboard. When both lights are present, the LED lights shall take precedence and the red light shall be disconnected. It is recommended that the game clock, red light or LED lights be updated in their synchronization.

Divisions II and III Note: Starting in 2010-11, a red light placed behind each backboard or LED lights placed around the backboard shall be required.

It is recommended that all **men's** Division I arenas provide a timing mechanism that enables the officials to start and stop the game clock automatically.

A pole attached to the shot clock that is used to mount a camera or a camera attached to the shot clock is permissible when the shot clock is recessed behind the backboard and does not interfere with a live ball nor does it affect the visibility of the shot clock.

Important Information for Manufacturers of New Equipment/Apparel

The NCAA Men's and Women's Basketball Rules Committees are responsible for formulating the official playing rules for the sport. The committees are not responsible for testing or approving playing equipment for use in intercollegiate men's and women's basketball.

Equipment manufacturers have undertaken the responsibility for the development of playing equipment that meets the specifications established from time to time by the committees. The NCAA urges manufacturers to work with the various independent testing agencies to maximize the safety of products. Neither the NCAA nor the NCAA Men's and Women's Basketball Rules Committees certify the safety of any basketball equipment. Only equipment that meets the dimensions specified in the NCAA Men's

and Women's Basketball Rules shall be used in intercollegiate competition. Similarly, only uniforms that meet the rules specifications shall be used.

While the committees do not regulate the development of new equipment and do not set technical or scientific standards for testing equipment or the approval or disapproval of specific playing equipment, the committees may, from time to time, provide manufacturers with informal guidelines as to the equipment-performance levels they consider consistent with the integrity of the game. The committees reserve the right to intercede in order to protect and maintain that integrity.

The NCAA Men's and Women's Basketball Rules Committees suggest that manufacturers planning innovative changes in basketball equipment submit the equipment to the NCAA Men's and Women's Basketball Rules Committees for review before production.

THE COURT

RULE 1

Court and Equipment

Section 1. The Game

Art. 1. Basketball is played by two teams of five players each. The objective is for each team to throw or tap the ball into its own basket and to prevent the other team from scoring.

Art. 2. The ball may be thrown, batted, rolled or dribbled in any direction, subject to the restrictions that follow.

Section 2. The Playing Court—Dimensions

Art. 1. The playing court shall be a rectangular surface free from obstructions with sidelines of 94 feet in length and end lines of 50 feet in length, measured from the inside edges.

Section 3. Lines and Other Markings

Art. 1. The court shall be marked with boundary lines (sidelines and end lines) and other lines and markings as shown on the court diagram.

Art. 2. Instead of the 2-inch boundaries listed on the diagram, it is legal to use contrasting-colored floor areas by painting the out-of-bounds area, the center circle, and the free-throw lanes and lines so that the mathematical line between the two colors is the boundary. Such a contrasting-colored out-of-bounds belt should be at least 8 inches wide.

Art. 3. The restraining line shall be a solid, interrupted or mathematical line formed between two colors. The line may be a color that is either the same or different from that of the end lines. When space is not available for a 6 foot restraining line, the line should be marked using the maximum available distance. Nonplaying personnel shall not be permitted in this area.

Art. 4. A shadow line is a line that designates the required 2-inch width by use of border or outline lines at least 1/4-inch wide, which shall lie within the 2-inch width.

Art. 5. When the floor has a logo on the playing court, that logo should not distract from the players' and the officials' visibility of the division line or center-circle line.

Art. 6. One of the following shall be placed on the floor in front of the official scorers' spot at the scorers' table at division line:

- a. An "X" composed of 12-inch line segments that are 2 inches in width.
- b. An NCAA logo that is a minimum of approximately 8 inches in diameter.
- c. An NCAA Basketball logo that is a rectangle approximately 1½ feet by 2½ feet.

Section 4. Center Circle

Art. 1. When a logo distracts from the players' and the officials' visibility of the 2-inch center-circle line as shown on the court diagram, the following shall be permissible:

- a. Solid 2-inch wide interrupted line; 4 inches long, 2-inch break; 4 inches long, 2-inch break, etc.
- b. Shadow-bordered 2-inch wide line (1/4-inch borders).
- c. Two-inch wide interrupted shadow line: 4 inches, 2-inch break, 4 inches, 2-inch break, etc.
- d. One-quarter-inch, single-bordered line (radius of 6 feet to the outside edge).
- e. Mathematical line formed by contrasting-colored floor areas.

Art. 2. The unmarked spaces for the non-jumpers around the center circle shall be 36 inches deep.

Section 5. Division Line

Art. 1. The division line shall divide the playing court into two equal parts and shall be formed by extending the center-circle diameter in both directions until it intersects the sidelines.

Art. 2. Instead of the solid 2-inch line as shown on the court diagram, the following shall be permissible:

- a. A solid 2-inch wide interrupted line; 4 inches, 2-inch break, 4 inches, 2-inch break, etc.
- b. Shadow-bordered 2-inch wide line (1/4-inch borders).

Art. 4. The lane-space marks and blocks shall identify areas that extend 36 inches from the outer edge of the lane lines toward the sidelines.

Section 7. Three-Point Field-Goal Line

Art. 1. From the center of the basket to the outside edge of the three-point field-goal line, the women's line shall be a distance of 19 feet, 9 inches and the men's line shall be a distance of 20 feet, 9 inches.

Art. 2. The three-point field-goal lines shall be two separate solid 2 inch lines that contrast in color and have no form of embellishment or belt between the two lines. The lines may be the same color as or a different color from the free-throw lane boundary lines and the semicircles.

Section 8. Coaching Box

Art. 1. The coaching boxes shall extend from the sideline to the back of the team benches and shall be bound by the end line and no farther than the 28-foot line as noted in the diagram.

Art. 2. A 3-foot line shall be extended in both directions from the sideline, so that the coaching-box restriction is evident.

Art. 1. Penalize unsportsmanlike conduct by a player, coach, substitute, team attendant or follower.

Art. 2. Penalize flagrant acts by any offender.

Art. 3. Remove a player from the game who commits his or her fifth foul. (See Rule 2-9.4.)

Art. 4. Notify the coach and then the player when there is a disqualification.

Art. 5. Inform the head coach and the official scorer that an ejection for fighting was issued.

Section 9. Duties of Scorers

The scorers shall:

Art. 1. Record the names and uniform numbers of squad members who may participate, starting five players, and the names of all substitutes who enter the game. It is recommended that squad members' names be recorded in the scorebook in numerical order.

Art. 2. Record the field goals made and the free throws made and missed, and keep a running summary of the points scored.

Art. 3. Record the personal and technical fouls called on each player and the technical fouls called on a coach, squad member, bench personnel or follower.

Art. 4. Notify an official immediately when a player has committed his or her fifth foul.

Art. 5. Notify an official immediately when a **(men)** second CLASS A technical (AA) foul and **(women)** second technical foul is charged to a coach, squad member or any bench personnel.

Art. 6. (Men) Notify an official immediately when a combination of one CLASS A technical foul and two CLASS B technical fouls (ABB) or three CLASS B technical fouls (BBB) have been assessed.

Art. 7. (Women) Notify an official immediately when a head coach receives a combination of one direct technical foul and two indirect technical fouls or three indirect technical fouls.

Art. 8. Record in the scorebook any ejection for fighting.

Art. 9. Record the timeouts charged to each team and notify an official when a team takes its final allowable charged timeout.

Art. 10. Signal the nearest official each time a team is granted a charged timeout in excess of the allowable number.

Art. 11. Signal the nearest official in each half when a player commits a common foul (except a player-control or team-control foul), beginning with the team's seventh foul and the team's 10th foul, including any combination of personal fouls, **(men)** CLASS A technical fouls and **(women)** all technical fouls.

Art. 12. The official scorebook shall remain at the scorers' table throughout the game, including all intermissions.

Art. 13. Compare their records after each goal, each foul and each charged timeout, notifying the referee at once of any discrepancy. When no error can be found, the referee shall accept the record of the official scorebook, unless the referee has knowledge that permits another decision. When the discrepancy is in the score and the error is not resolved, the referee shall accept the progressive team totals of the official scorebook.

Art. 14. Notify the nearest official when there is an infraction of the rules pertaining to submission of the roster, substitutions or uniform numbers of players.

Art. 15. When necessary, signal the officials with a sounding device unlike that used by the referee and umpire(s). This sounding device may be used immediately when (or as soon as) the ball is dead or is in control of the offending team.

Art. 16. When a correctable error is called to the official scorer's attention while the game clock is running, the timer shall not use the game-clock horn until the ball has become dead.

Art. 17. Correct a scoring or bookkeeping mistake any time before the referee approves the final score.

Note: It is recommended that only the person at the scorers' table permitted to wear a black-and-white-striped garment be the official scorer.

Section 10. Duties of Timer

The official timer shall:

Art. 1. Be provided with a game clock to be used for timing periods and intermissions and a digital stopwatch. The game clock and digital stopwatch shall be placed so that they may be seen by both the timer and the shot-clock operator.

Art. 2. Operate the game clock.

Art. 3. Note and notify the referee more than three minutes before each half is to start.

Art. 4. Signal the scorers three minutes before starting time.

Art. 5. Record playing time and time of stoppages.

Art. 6. Notify an official when the timer has information pertaining to a timing mistake.

Art. 7. Start the game clock as prescribed in Rule 5-9.

Art. 8. Start the digital stopwatch for a charged timeout, to replace a disqualified player, (women) to remedy a lost, irritated or displaced contact lens, and signal the referee when it is time to resume play.

Art. 9. Sound a warning horn 15 seconds before the expiration of the 20-second time limit to replace a disqualified or injured player. The signal also shall be sounded at the end of the 20 seconds to replace a disqualified or injured player.

Art. 10. Sound a warning horn 15 seconds before the expiration of an intermission or charged timeout. A second signal shall be given at the expiration of an intermission or a charged timeout. Play shall be resumed immediately upon the sounding of the second signal.

Art. 11. Stop the game clock as prescribed in Rule 5-10.

Art. 12. Stop the game clock after a successful field goal with 59.9 seconds or less remaining in the game or any extra period.

Art. 13. Use the game-clock horn when the ball has become dead and a correctable error situation has been brought to the scorer's attention by a coach.

Art. 14. Indicate with the red light or LED lights the expiration of playing time in each half or extra period. This signal shall terminate player activity. When a red light is not present, the indicator that shall terminate players' activity shall be the sounding of the game-clock horn.

Art. 15. Enter the playing court or use other means to immediately notify the referee when the timers' red light signal or LED lights fail to operate or be seen or when a game-clock horn fails to sound or is inaudible. When, in the meantime, a goal has been made or a foul has occurred, the referee shall consult the timers.

- a. When the timers agree that time expired before a try for field goal was in flight, the goal shall not count.
- b. When the timers agree that the period ended before a foul occurred as in Rule 5-7.3.c, the foul shall be disregarded unless it was a flagrant technical foul or **(men)** a contact dead ball technical foul.
- c. When the timers disagree about the expiration of time before a successful try for field goal or foul, the goal shall count or the foul shall be penalized unless the referee has knowledge that alters such a ruling.

Section 11. Duties of Shot-Clock Operator

The shot-clock operator shall:

Art. 1. Use a 35-second shot clock for men and a 30-second shot clock for women.

Art. 2. Use the shot clock for the entire game, including extra periods, except when there is less time remaining on the game clock than on the shot clock, in which case the shot clock shall be turned off.

Art. 3. Control a separate timing device with a horn that shall have a sound that is distinct and different from that of the game-clock horn.

Art. 4. Have an alternate timing device available.

Art. 5. Start the timing device when a player inbounds legally touches or is touched by the ball on a throw-in or when a team initially gains possession from

a jump ball, an unsuccessful try for goal or when possession is gained of a loose ball after a jump ball or unsuccessful try for goal.

Art. 6. Stop the timing device and reset it:

- a. When team control is re-established after the team loses possession of the ball;

Note: The mere touching of the ball by an opponent does not start a new shot-clock period when the same team remains in control of the ball.

- b. When the following occurs:
 1. A single personal foul;
 2. A single technical foul assessed to the defense;
 3. A single flagrant technical foul; or
 4. **(Men)** a single contact dead ball (CLASS A) technical foul.
- c. When a held ball occurs (**Exceptions:** Rules 2-11.7.e, 2-11.7.i and 2-11.7.j);
- d. When a try for goal strikes the ring or flange and then possession is gained by either team;
- e. When a violation occurs;
- f. When an intentionally kicked or fisted ball occurs with 14 seconds or less remaining, set to 15 seconds;
- g. When an inadvertent whistle occurs and there was no player or team control at the time of the whistle.

Art. 7. Stop the timing device and continue time without a reset when play begins under the following circumstances:

- a. The ball is deflected out of bounds by a defensive player;
- b. When an intentionally kicked or fisted ball occurs with 15 seconds or more remaining;
- c. A player is injured or loses a contact lens;
- d. A charged timeout has concluded;
- e. During team control as defined in Rule 4-15, a defensive player causes a held ball and the alternating-possession arrow favors the offensive team;

- f. After any double foul or simultaneous personal foul or technical fouls when there is team control as defined in Rule 4-15;
- g. After an inadvertent whistle when there is team control as defined in Rule 4-15;
- h. After any technical foul(s) is assessed to the team in control of the ball, or to the team entitled to the ball before it is at the disposal of the thrower-in, or to bench personnel or followers of that team, when these conditions exist;
- i. After a simultaneous held ball as described in Rule 4-37 occurs during a throw-in or (**women**) after an unsuccessful try that does not contact the ring or flange and the alternating-possession arrow favors the throw-in team; and
- j. After the ball goes out of bounds and was last touched simultaneously by two opponents, both of whom are either inbounds or out of bounds or when there is doubt as to who last touched the ball.

Note: The offensive team, upon regaining possession of the ball for the throw-in, shall have the unexpired time on the shot clock to attempt a try.

Art. 8. When an intentionally kicked ball occurs during a throw-in with 14 seconds or less remaining, the shot clock shall be set to 15 seconds. When an intentionally kicked ball occurs during a throw-in with 15 seconds or more remaining, the shot clock shall not be reset.

Art. 9. Sound the shot-clock horn at the expiration of the shot-clock period. This shot-clock horn shall not stop play unless recognized by an official's whistle. When the shot clock indicates zeros but the shot-clock horn has not sounded, the shot-clock time has not expired.

Art. 10. Turn off the shot clock when a reset situation occurs and the game clock shows less time than that of a shot-clock period.

Art. 11. Allow the timing device to continue during a loose-ball situation when the offense retains possession or when a field-goal try is attempted at the wrong basket.

Art. 12. Allow the game officials to make the final decision when there is doubt as to whether a score was made within the shot-clock period or whether a try for goal contacted the ring or flange.

- a. When there is doubt whether a score was made within the shot-clock period or whether a try for goal contacted the ring or flange, any activity before the next live ball shall be canceled, with the exception of any flagrant foul, intentional foul or technical foul.

Section 12. Correctable Errors

Art. 1. The correctable errors are as follows:

- a. Failing to award a merited free throw.
- b. Awarding an unmerited free throw.
- c. Permitting a wrong player to attempt a free throw.
- d. Permitting a player to attempt a free throw at the wrong basket.
- e. Erroneously counting or canceling a score.

Note: In order for this to be a correctable error, the official must have erred in counting or canceling a successful try for goal according to a rule (i.e., after basket interference or goaltending, incorrectly counting or failing to cancel a score or counting a three-point goal instead of a two-point goal). A correctable error does not involve an error in judgment.

Art. 2. When the officials' error as in Rule 2-12.1 is made while the game clock is stopped, such errors must be recognized and corrected by an official during the first dead ball after the game clock has been started properly.

Art. 3. When the officials' error as in Rule 2-12.1.e is made while the game clock is running and the ball becomes dead after a successful goal, it must be recognized and corrected by an official before the second live ball.

Art. 4. When the error is a free throw by the wrong player, a free throw attempted at the wrong basket or the awarding of an unmerited free throw, the free throw and the activity during it, other than any flagrant foul, intentional foul or technical foul, shall be canceled.

- a. Points scored, time consumed and additional activity that may occur before the recognition of the error shall not be nullified.

Art. 5. When an error is corrected, play shall be resumed from the point of interruption to correct the error, unless the correction involves the failure to award a merited free throw(s) and there has been no change of team possession since the error was made. In that case, play shall resume as after any normal free throw.

- a. Points scored, time consumed and additional activity that may occur before the recognition of the error shall not be nullified.

Art. 6. An appeal for a correctable error may be made by a coach, player, table official (includes an approved standby official) or game official.

Section 13. Games with Replay/Television Equipment

Art. 1. Courtside replay equipment, videotape or television monitoring must be located on a designated court-side table (i.e., within approximately 3 to 12 feet of the playing court), in order to be utilized by game officials. An on-screen graphic display on the monitor may be used only when the display is synchronized with the official game clock.

Art 2. Officials may use such available equipment only in the following situations:

- a. Free Throws.
 1. Determine who shall attempt a free throw(s) when there is uncertainty.
 2. Determine whether a player who was fouled on his or her unsuccessful field-goal try, at or near the three-point line, shall attempt either two or three free throws.
 3. Determine whether the wrong player was permitted to attempt a free throw as per 2-12.1.c.
 4. Determine whether a player was permitted to attempt a free throw at the wrong basket as per 2-12.1.d.
- b. Scoring.
 - 1 Determine whether a try for goal was a two- or three-point attempt.
 2. Prevent or rectify a scoring mistake by the scorer.
 3. Determine whether a score was erroneously counted or canceled as per 2-12.1.e.
- c. Timing.
 1. Determine whether the game clock or shot clock malfunctioned. A correction to the game clock must be made in the half or extra period in which it occurred. A correction to the shot clock must be made in the shot clock period in which it occurred.

2. Determine whether a timing mistake has occurred in either starting or stopping the game clock. Determination is based on the judgment of the official. After the mistake to either start or stop the game clock, such a mistake shall be corrected during the first dead ball or during the next live ball but before the ball is touched inbounds or out of bounds by a player. When the clock should have been continuously running, the mistake shall be corrected before the second live ball is touched inbounds or out of bounds by a player. No timing mistake correction shall be carried over from one half or extra period to another. Such a mistake shall be corrected before the start of intermission.
 3. Determine the correct time to be placed back on the game clock when the referee blows the whistle, signals for the game clock to be stopped, and in his/her judgment time has elapsed before the game clock stopped.
 4. Determine whether the shot clock failed to properly start, stop, set or reset or that the shot clock has malfunctioned. Determination is based on the judgment of the official. The mistake or malfunctioning problem may only be corrected in the shot clock period in which it occurred. Any activity after the mistake or malfunction has been committed and until it has been rectified shall be canceled, excluding a flagrant personal foul, intentional personal foul or any technical foul.
- d. Determine if a contact flagrant foul occurred. When it is determined that a contact flagrant foul did not occur but an intentional personal, (men) contact dead ball technical foul or (women) a player-substitute technical foul for dead ball contact did occur, those fouls shall be penalized accordingly. However, no other infractions may be penalized.
1. When there is a foul called for contact, the officials, with a plausible reason, may review the severity of that foul during the dead ball period following the call. When the ball becomes live, there shall be no further review of the made call.
 2. When the officials fail to observe the foul, the time frame in 2-13.6 shall be used to penalize the infraction.

Art. 3. When there is a reading of zeros on the game clock and after making a call on the playing court, the officials shall use such available equipment in the following situations:

- a. Determine whether a try for field goal entering the basket was released before the reading of zeros on the game clock at the end of the first half, or at the end of the second half/extra period only when necessary to determine the outcome of a game. (See Rule 5-7.2.b.) When it is determined that the try for goal was successful, the official is permitted to put the exact time back on the game clock as to when the ball passed through the net.
- b. Determine whether a shot-clock violation occurred before the reading of zeros on the game clock at the end of the first half, or at the end of the second half/extra period only when necessary to determine the outcome of a game.
- c. Determine whether a foul occurred before the reading of zeros on the game clock at the end of the first half, or at the end of the second half/extra period only when necessary to determine the outcome of a game. When it is determined that the foul occurred before the reading of zeros on the game clock, the official is permitted to put the exact time back on the game clock as to when the foul was committed.

Art. 4. In games with a 10th-of-a-second game clock display and where an official courtside monitor is used, the reading of zeros on the game clock is to be used to determine whether a try for goal, a shot-clock violation or a foul occurred before or after the expiration of time in any period. When the game clock is not visible, the officials shall verify the original call with the use of the red/LED light(s). When the red/LED light(s) are not visible, the sounding of the game-clock horn shall be utilized. When definitive information is unattainable with the use of the monitor, the original call stands.

Art. 5. The officials shall use such available equipment to determine whether a fight occurred and the individuals who participated or left the bench area.

Art. 6. When officials err and fail to observe a contact flagrant foul or a fight, they are permitted to correct and penalize these infraction(s), with the use of a monitor review, within the following time frame:

- a. When the game clock was stopped:
 1. During the first dead ball after the clock was properly started.

- b. When the game clock was running:
 - 1. During the first dead ball after the clock was properly stopped; or
 - 2. Before the second live ball when the ball became dead after a successful goal but the clock continued to run.

When it is determined that a contact flagrant foul or a fight did not occur or did not occur within the prescribed time frame, play shall be resumed where the stoppage of play occurred to review the act. When it is determined that a contact flagrant foul or a fight did occur within the prescribed time frame, the infraction(s) should be properly penalized and play shall be resumed by awarding the ball to the offended team where the stoppage of play occurred to review the flagrant act. (Men) When a flagrant technical foul or a contact dead ball technical foul is assessed, play shall be resumed by awarding the ball to the offended team at the division line on either side of the playing court. Any previous activity before the monitor review shall not be canceled or nullified.

Art. 7. The officials shall not use such available equipment for judgment calls such as:

- a. Determine who committed a foul or whether a foul occurred. **Exception:** *A flagrant foul*
- b. Determine whether basket interference or goaltending occurred.
- c. Determine whether a violation occurred.
- d. Determine whether the ball was released before the sounding of the shot-clock horn, except as in 2-13.3.b.

RULE 3

Players, Substitutes and Player Equipment

Section 1. The Team

Art. 1. At the start of the game, each team shall consist of five players, one of whom shall be the captain.

Art. 2. Each team may continue to play with fewer than five players when all other squad members are not eligible or able to play.

Art. 3. When there is only one player participating for a team, that team shall forfeit unless the referee believes that both teams have an opportunity to win.

Section 2. The Captain

Art. 1. The captain is a team member who may address an official on matters of interpretation or to obtain essential information, when it is done in a courteous manner. Dialogue between coaches and officials should be kept to a minimum.

Art. 2. Any player may address an official to request a timeout or permission to leave the playing court.

Section 3. Lineup

Art. 1. Before the 10-minute mark is reached on the game clock that is counting down the time before the start of the game, each team shall supply the scorers with names and uniform numbers of squad members who may participate, and those of the five starting players.

Art. 2. After the 10-minute mark is reached on the game clock that is counting down the time before the start of the game, and until the end of the game, a team shall be charged a maximum of one administrative technical foul for changes made to the scorebook. The only changes permitted are those necessitated by obvious injury, illness, blood on the uniform, the replacement of a designated starter to shoot a technical-foul free throw, or the correction of a scoring or bookkeeping mistake.

Art. 3. A team shall be assessed one administrative technical foul for all requirements regardless of the number of infractions that occur and regardless of when they occur for either Rules 3-3.1 or 3-3.2.

Section 4. Substitutions

Art. 1. Each substitute who desires to enter the game shall give the scorers his or her uniform number.

Art. 2. Substitutions between halves shall be reported to the official scorer by the substitute(s) or a team representative before the signal that ends the intermission rather than before the warning horn.

Art. 3. Substitutions during a timeout must report to or be in position to report to the official scorer before the warning horn. Substitutions shall not be permitted after the warning horn. *Exception: Rule 3-4.16.*

Art. 4. When entry is at any time other than between halves, and a substitute who is entitled and ready to enter reports to the scorers, the timers shall sound the game-clock horn when (or as soon as) the ball is dead and time is stopped. *Exception: Rule 3-4.6.*

Art. 5. A substitute becomes a player when he/she legally enters the playing court. When the entry is not legal, the substitute becomes a player when the ball becomes live.

Art. 6. Substitutions shall not be permitted when the game clock has been stopped after successful field goals in the last 59.9 seconds of the second half or any extra period and before the clock has been properly started except for the following:

- a. Those substitutions permitted by rule including, but not limited to, injury, blood, violation, foul, disqualification, timeout, or for a lost, displaced or irritated contact lens or displaced eyeglasses.
- b. There shall be no substitutions during the dead ball period when the clock is stopped for the made basket to correct a timing mistake or for an inadvertent whistle. After the clock has been properly started following a made basket, then all substitution rules apply.

Art. 7. (Women) A bleeding player or a player who has a lost, displaced or irritated contact lens is required to be substituted for if the issue cannot be resolved within 20 seconds. However, a timeout may be requested and granted when this player desires to remain in the game. When the condition is remedied within the granted timeout, the player is permitted to remain in the game.

Art. 8. Any substitute shall remain outside the boundary line until beckoned by an official, whereupon the substitute shall enter immediately. When the ball is about to become live, the beckoning signal should be withheld.

Art. 9. An entering player shall not replace a free-thrower or designated jumper. When the substitute desires to replace a player who is to attempt a free throw, the substitute shall remain at the scorers' table until the next opportunity to enter the game.

Art. 10. During multiple free throws for personal fouls, a substitute may enter the game only before the final attempt in the sequence unless otherwise authorized by the rules or after the final attempt has been successfully converted.

- a. Substitutions during a timeout but before the warning horn are permissible before the first free-throw attempt.

Art. 11. During free throws for a technical foul, only substitutes allowed by rule shall be permitted to enter the game before the final attempt. All other substitutes shall only be permitted to enter the game after the final attempt.

Art. 12. When a player is required to be replaced, such as for disqualification, injury or blood, **(women)** a lost, irritated or displaced contact, before the administering of multiple free throws, all substitutes who legally reported to the official scorer before the player had to be replaced may enter the game. (See Rule 3-4.11.)

Art. 13. A player who has been withdrawn or replaced by a substitute may re-enter the game at the next opportunity to substitute, provided that the game clock has been properly started after the withdrawal or replacement.

Art. 14. A player who legally enters the game during a dead ball may leave the game during that same dead-ball period without penalty.

Art. 15. A player(s) who has been injured to the extent that the coach or any other bench personnel is beckoned and/or comes onto the playing court shall be directed to leave the playing court once the extent of the injury has been ascertained unless a timeout is requested by and granted to his or her team.

Art. 16. An immediate substitute shall be required when a timeout has been granted for a player who is injured, bleeding, has a blood-saturated uniform, **(women)** a lost, irritated or displaced contact lens and that player is not ready to resume play after the final horn that indicates the expiration of the timeout. The opponents shall be permitted to counter with a substitution.

Art. 17 (Men) When an injured player is unable to attempt his free throw try(s), the coach from the opposing team shall select one of the four remaining players on the playing court to attempt the free throw try(s). When the foul is intentional or flagrant

and the injured player is unable to attempt the free throw try(s), the injured player's coach shall select any player or team member to attempt the free throw try(s).

Art. 18. When three or more substitutes for the same team enter the game, an official may honor a request by the captain of the opposing team to aid it in locating the entering players.

Section 5. Uniforms (Game Jersey and Pants)

Art. 1. The color, style and design of all teammates' game jerseys and game pants shall be alike.

Art. 2. Opposing team uniforms shall be of contrasting colors. The home team shall wear light game jerseys and game pants and the away team shall wear dark game jerseys and game pants. This rule may be altered by mutual consent of the competing institutions. Team uniform and game jersey colors shall be defined by the color of the neutral zone. The majority of the color of the game pants shall be the color of the neutral zone.

Art. 3. The neutral zone(s) of the game jersey shall be of the same single color. A tonal design effect is permitted within the neutral zone(s) provided the tonal shift is not more than 15 percent of any one shade of color.

Art. 4. The neutral zone of the game jersey shall meet the following requirements:

- a. The front neutral zone shall be measured from the shoulder panel and extend to the bottom of the game jersey. It shall be a minimum 12 inches wide measured 6 inches in each direction from the center of the neckline.
- b. The back neutral zone shall be measured from the shoulder panel and extend to the bottom of the game jersey. It shall be a minimum 12 inches wide measured 6 inches in each direction from the center of the neckline.
- c. For the purposes of defining the neutral zone, the shoulder panel shall be measured from the top of the shoulder/shoulder seam and extend a maximum of 4 inches toward the bottom of the game jersey on both the front and back.

Art. 5. Only the following are permitted in the front and back neutral zones:

- a. A player or institutional name/mascot.
 1. No more than two identifying names or abbreviations may be placed on the front or back of the game jersey. The name(s) shall:
 - a. Identify the school, the school nickname or mascot, or the player's name;
 - b. Be placed horizontally.
 - c. Be placed no closer than 1 inch from the uniform number.
- b. A player number with Arabic numerals.
 1. Each team member's game jersey shall be numbered on the front and back. The number shall be located in the neutral zone(s).
 2. The following numbers are legal: 0, 1, 2, 3, 4, 5, 00, 10, 11, 12, 13, 14, 15, 20, 21, 22, 23, 24, 25, 30, 31, 32, 33, 34, 35, 40, 41, 42, 43, 44, 45, 50, 51, 52, 53, 54, and 55. Team rosters can include 0 or 00, but not both.
 3. The numbers on the front and back of the game jersey shall be centered horizontally in the neutral zone and be of the same color and style.

4. The number shall be at least 6 inches high on the back and at least 4 inches high on the front and not less than 1-inch wide.
 5. Duplicate numbers are not permitted to be worn by members of the same team.
 6. The number shall be one single solid color that contrasts the neutral zone and may be bordered by no more than a 1/2-inch border of any color(s).
- c. An institution's or a conference's official logo/mascot and/or a commemorative/memorial patch meeting the size restrictions of Rule 3-8.3 and located between the apex of the front/back neckline and the shoulder seam. When the American flag is used, it can only be located between the apex of the front neckline and the shoulder seam on the left side of the game jersey and shall meet the size restrictions of Rule 3-8.3.

Art. 6. There shall be no other letters, numbers, or decorative elements between a number and a name unless it is part of the institution's official logo.

Art. 7. There shall be no color or design restrictions outside the neutral zones.

Note: Starting with the 2012-2013 season, the uniform rules in Rule 3-5, shall be required.

Art. 8. Game jerseys shall be tucked in the game pants.

Note: The first time an official must tell a player to tuck in the game jersey, the official shall issue a warning to the head coach. The next time any player on the same team has the game jersey untucked, that player shall leave the game until the next opportunity to substitute. The official shall enforce this rule at the next dead ball after observing the violation.

Section 6. Undergarments

Art. 1. An undershirt is considered to be part of the game jersey and must be a color similar to that of the game jersey as defined by the neutral zone. In addition, the sleeves and neckline of undershirts shall be unaltered (e.g., no cut-off sleeves or cut necklines). Both sleeves shall be of the same length and not extend beyond the elbows. No logos, decorations, trim, commemorative patches, lettering or numbering may be used on an undershirt.

Art. 2. Undergarments shall not extend below the game pants and shall be of the same color to that of the game pants.

Note: Starting with the 2012-2013 season, the uniform rules in Rule 3-6 shall be required.

Section 7. Headbands and wristbands

Art. 1 Any item that goes entirely around the head, such as headbands or hair control devices shall:

- a. Be a single non-abrasive and unadorned item made of cloth, elastic, fiber, soft leather, pliable plastic or rubber;
- b. Be single solid-colored, similar to the dominant color of the game jersey, white, black or beige;

Art. 3. When the official(s) permits a team to go in the wrong direction, and when the error is discovered all activity and time consumed shall count as though each team had gone in the proper direction. Play shall be resumed with each team going in the proper direction.

Art. 4. Whether the game clock is running shall have no influence on the counting of a goal.

Art. 5. When there is doubt whether a score was made within the shot-clock period or whether a try for goal contacted the ring or flange, any activity before the next live ball shall be canceled, with the exception of any flagrant foul, intentional foul, or technical foul and the correct time shall be added to the game clock.

- b. In games with a 10th-of-a-second game clock display and where an official courtside monitor is used, the reading of zeros on the game clock is to be used to determine whether a try for goal occurred before or after the expiration of time in any period. When the game clock is not visible, the officials shall verify the original call with the use of the red/LED light(s). When the red/LED light(s) are not visible, the sounding of the game-clock horn shall be utilized. When definitive information is unattainable with the use of the monitor, the original call stands.

Art. 3. Each period shall end when time expires except that:

- a. When the ball is in flight during a try, the period shall end when the try ends.
- b. When a held ball or violation occurs so near the expiration of time that the game clock is not stopped before time expires, the period shall end with the held ball or violation.
- c. When a foul occurs so near the expiration of time that the official timer cannot stop the game clock before time expires or when the foul occurs after time expires but while the ball is in flight during a try, the period shall end when the free throw(s) and all related activity have been completed.

the mistake of either starting or stopping the game clock, such a mistake shall be corrected during the first dead ball but before the next live ball is touched inbounds or out of bounds by a player other than the thrower-in. When the clock should have been continuously running, the mistake shall be corrected before the next live ball is touched inbounds or out of bounds by a player other than the thrower-in.

Art. 2. When the referee blows the whistle, signals for the game clock to be stopped, and has definite knowledge that time has elapsed before the game clock stopped, the referee shall instruct the official timer to put the correct time on the game clock.

Art. 3. The officials shall make the final decision when there is doubt as to whether a score was made within the shot-clock period or whether a try for goal contacted the ring or flange.

Art. 4. When an obvious mistake by the shot-clock operator has occurred in failing to start, stop, set or reset the shot clock or when a shot clock has malfunctioned, the mistake or the malfunctioning problem may be corrected in the shot-clock period in which it occurred only when the official has definite information relative to the mistake or malfunctioning problem and the time involved. Any activity, after the mistake or malfunctioning problem has been discovered, shall be canceled, excluding any flagrant foul, intentional foul, or technical foul.

Art. 17. Fighting as in Rule 4-26.

PENALTY: (Arts. 13 through 17) Flagrant technical fouls. Two free throws shall be awarded to any player on the offended team, unless double fouls are assessed. For double flagrant technical fouls, no free throws are awarded. For any flagrant technical foul, the ball shall be awarded to the offended team at the point of interruption. When a single flagrant technical foul occurs during intermission for the second or any extra period, play shall resume with a throw-in to the offended team on either side of midcourt. These flagrant technical fouls apply toward the team-foul total and the offender(s) is ejected. Any player(s) who

actively participates in a fight shall be ejected and subject to suspension. (See Rule 10-7.)

EJECTION (Section 3): A single flagrant foul or a second technical foul charged to a player/substitute shall result in ejection.

Section 4. (Women) Bench Technical Fouls

The head coach is responsible for the conduct and behavior of all bench personnel.

Art. 1. Committing an unsportsmanlike act, including, but not limited to, the following:

- a. Disrespectfully addressing an official.
- b. Attempting to influence an official's decision.
- c. Using profanity or language that is abusive, vulgar or obscene.
- d. Taunting or baiting an opponent.
- e. Objecting to an official's decision by rising from the bench or using gestures.
- f. Inciting undesirable crowd reactions.
- g. Entering the playing court unless done with the permission of an official to attend to an injured player.
- h. Using tobacco.
- i. Refusing to occupy the team bench to which the team was assigned or to occupy the location for a timeout or before any extra period as described in Rule 4-7.2.

Art. 2. Using electronic transmission (e.g., headsets, cellular telephones, modular telephones, television, radio, audio or video Internet broadcast), or knowledge gained resulting from thereof, to communicate to and from the bench area or using television monitors or replay equipment at courtside for coaching purposes.

Art. 3. When there is evidence that the head coach or bench personnel instructed for the scorebook to be removed from the scorer's table.

Art. 4. All bench personnel shall remain seated on the bench while the ball is live, except as follows:

- a. The head coach, who may stand and shall remain in his or her team's coaching box.

- b. To spontaneously react to an outstanding play, immediately sitting down on the bench afterward.
- c. A team member reporting to the scorers' table.
- d. A coach, team member or team attendant may leave the bench area at any time to point out a scoring or timing mistake, or to request a timeout to ascertain whether a correctable error needs to be rectified (Rule 2-12; 5-10.5).
- e. A coach or team attendant may leave the bench area to seek information from the official scorer or official timer during a timeout or an intermission.

Art. 5. The head coach shall replace a disqualified or injured player within 20 seconds when a substitute is available.

Art. 6. Using a laser pointer.

Art. 7. Delaying the game by preventing the ball from being promptly made live or by preventing continuous play, such as bench personnel entering the playing court before player activity has been terminated. When the delay does not interfere with play, it shall be ignored.

PENALTY: (Arts. 1 through 7) **Two free throws shall be awarded to the offended team unless double fouls are assessed. For double fouls, no free throws are awarded. In either case, the ball shall be put back into play at the point of interruption. These bench technical fouls shall count toward an individual's five personal fouls for disqualification (if a team member), two technical fouls for ejection and the team-foul total. The foul is charged to the offender (if not the head coach) and also charged indirectly to the head coach. If the head coach is the offender, the foul is charged directly to him/her.**

(Arts. 1, 4 and 7) **When there is more than one offender (excluding the head coach) or a single offender who cannot be identified, one bench technical foul shall be assessed regardless of the number of offenders. This technical foul is also charged indirectly to the head coach.**

Note: An assistant coach who replaces the ejected head coach shall not inherit any technical fouls the head coach has accumulated. However, the assistant coach shall be

responsible for technical fouls previously assessed to him/her.

Art. 8. Bench personnel leaving the bench area when a fight may break out or has broken out. The head coach may leave the bench area in this case to prevent the situation from escalating.

PENALTY: (Art. 8) **Flagrant technical fouls.** Two free throws shall be awarded to any player on the offended team, unless double fouls are assessed. For double flagrant fouls, no free throws are awarded. For any flagrant technical foul, the ball shall be awarded to the offended team at the point of interruption.

When anyone other than the head coach leaves the bench and enters the playing court but does not participate in the fight, only one technical foul shall be assessed regardless of the number of offenders. This one foul is charged indirectly to the head coach. For any single flagrant technical foul, the ball shall be awarded to the offended team at the point of interruption. When a single flagrant technical foul occurs during intermission for the second or extra period, play shall resume with a throw-in to the offended team on either side of midcourt. This flagrant technical foul applies toward the team-foul total, and the offender(s) shall be ejected but not subjected to suspension.

Art. 9. Fighting by bench personnel as in Rule 4-26.

PENALTY: (Art. 9) Two free throws shall be awarded to any player on the offended team, unless double fouls are assessed. For double flagrant fouls, no free throws are awarded. For any flagrant technical foul, the ball shall be awarded to the offended team at the point of interruption. When a single flagrant technical foul occurs during intermission for the second or extra period, play shall resume with a throw-in to the offended team on either side of midcourt. These flagrant technical fouls apply toward the team-foul total and the offender(s) is ejected. Any bench personnel who actively participates in a fight shall be ejected and subject to suspension. (See Rule 10-7.) The head coach shall

be assessed one indirect technical foul for each member of bench personnel who participates in a fight.

EJECTION (Section 4): A single flagrant foul, the second direct technical foul, the third indirect technical or a combination of one direct technical and two indirect technicals charged to the head coach results in ejection. A single flagrant foul or a second technical foul charged to a member of bench personnel results in that individual's ejection.

Section 5. (Men) CLASS A Unsporting Technical Infractions

Art. 1. A player or substitute committing an unsportsmanlike act including, but not limited to, the following:

- a. Disrespectfully addressing or contacting an official or gesturing in such a manner as to indicate resentment.
- b. Using profanity or vulgarity; taunting, baiting or ridiculing another player or bench personnel; or pointing a finger at or making obscene gestures toward another player or bench personnel.
- c. Inciting undesirable crowd reaction.
- d. Contacting an opponent, while the ball is dead, in an unnecessary, unacceptable and excessive manner.
- e. Flagrantly (severe or extreme) contacting an opponent while the ball is dead.
- f. A flagrant non-contact infraction that involves extreme, sometimes persistent, vulgar, abusive conduct when the ball is dead or live.
- g. Participating after having been disqualified (non-contact flagrant technical).
- h. Leaving the playing court and going into the stands when a fight may break out or has broken out (flagrant non-contact infraction).
- i. Fighting as in Rule 4-26.

PENALTY: Two free throws shall be awarded to any member of the offended team. No free throws shall be awarded for a double or offsetting technical foul. Counts toward the team-foul total. Applies toward disqualification and ejection (Art. 1.a through d). Flagrant technical foul(s) (Art. 1.e through

i) are non-applicable toward disqualification since they lead to automatic ejection. An assessed technical foul that cannot be charged to an individual shall be charged to the head coach (ex. Art. 1.g).

RESUMPTION OF PLAY: For any technical foul(s), play shall resume at the point of interruption except for a single flagrant technical foul or a single contact dead ball technical foul. For a single flagrant technical foul or a single contact dead ball technical foul, the ball shall be awarded to the offended team at a designated spot at the division line on either side of the playing court.

EJECTION: All CLASS A technical fouls shall apply toward ejection when the following have been assessed: a maximum of two CLASS A technical fouls (AA) as defined in Art. 1.a through d, one flagrant technical foul (A) or a combination of one CLASS A technical foul and two CLASS B technical fouls (ABB).

Any individual who actively participates in a fight (Art. 1.i) shall be ejected and is subject to suspension (See Rule 10-7).

Art. 2. Bench personnel committing an unsportsmanlike act including, but not limited to, the following:

- a. Disrespectfully addressing an official.
- b. Attempting to influence an official's decision.
- c. Using profanity or language that is abusive, vulgar or obscene.
- d. Taunting or baiting an opponent.
- e. Objecting to an official's decision by rising from the bench or using gestures.
- f. Inciting undesirable crowd reactions.
- g. Fighting by bench personnel as in Rule 4-26.

PENALTY: Two free throws shall be awarded to the offended team. No free throws shall be awarded for double or offsetting technical fouls. Counts toward the team-foul total. Applies toward disqualification and ejection except for Art. 2.g,

which is non-applicable toward disqualification since it leads to automatic ejection.

Since the head coach is responsible for the conduct and behavior of all bench personnel, when a CLASS A technical foul (Art.2.a through g) is assessed to an offender, it shall also be charged to the head coach as a CLASS B technical foul.

RESUMPTION OF PLAY: For any technical foul(s), play shall resume at the point of interruption. For a single flagrant technical foul (fighting, Art. 2.g), the ball shall be awarded to the offended team at a designated spot at the division line on either side of the playing court.

EJECTION: All CLASS A technical fouls shall apply toward ejection when the following have been assessed: a maximum of two CLASS A technical fouls (AA) as defined in Art. 2.a through f, one flagrant technical foul (A), or a combination of one CLASS A technical foul and two CLASS B technical fouls (ABB).

Any individual who actively participates in a fight (Art. 2.g) shall be ejected and shall be subject to suspension. (See Rule 10-7.)

Note: An assistant coach who replaces the ejected head coach shall not inherit any technical fouls the head coach has accumulated. However, the assistant coach shall be responsible for technical fouls previously charged to him.

Section 6. (Men) CLASS B TECHNICAL INFRACTIONS

Art. 1. A technical foul shall be assessed to a player or a substitute for the following infractions:

- a. Purposely obstructing an opponent's vision by waving or placing hand(s) near his eyes.
- b. Climbing on or lifting a teammate to secure greater height.
- c. Knowingly attempting a free throw to which he is not entitled.
- d. Possessing or using tobacco.

- e. A team member dunking or attempting to dunk a dead ball before or during the game, or during any intermission.
 - f. Grasping either basket in an excessive, emphatic manner during the officials' jurisdiction when the player is not, in the judgment of an official, trying to prevent an obvious injury to self or others.
 - g. Intentionally slapping or striking the backboard or causing either the backboard or ring to vibrate while the ball is in flight during a try, or while the ball is touching the backboard, is on the basket ring, in the basket net or in the cylinder.
 - h. Placing a hand(s) on the backboard or ring to gain an advantage.
 - i. Touching a ball in flight (goaltending) during a free throw.
 - j. Reaching through the throw-in boundary-line plane and touching or dislodging the ball while it is in possession of the thrower or being passed to a teammate outside the boundary line as in Rule 7-5.6.b.
 - k. Deceptively leaving the playing court for an unauthorized reason and returning at a more advantageous position.
 - l. Purposely delaying his return to the playing court after being legally out of bounds.

- Art. 2.** A technical foul shall be assessed to the coach and all bench personnel for the following infractions:
- a. Entering the playing court unless done with permission of an official to attend to an injured player.

- b. Possessing or using tobacco.
- c. Refusing to occupy the team bench to which the team was assigned or to occupy the locations for a timeout or for the start of any period as defined in Rule 4-7.2.

Using electronic transmission (e.g. headsets, cellular telephones, modular telephones, television, radio, audio or video Internet broadcast), or knowledge gained resulting from thereof, to communicate to and from the bench area or using television monitors or replay equipment at courtside for coaching purposes.
- e. When there is evidence that the head coach or bench personnel instructed for the scorebook to be removed from the scorer's table.
- f. All bench personnel shall remain seated on the bench while the ball is live, except as follows:
 - 1. The head coach who may stand but must remain completely and clearly in his coaching box. One warning shall be issued to the head coach before any subsequent infraction is penalized.
 - 2. To spontaneously react to an outstanding play, immediately sitting down on the bench afterwards.
 - 3. A team member reporting to the scorer's table.
 - 4. To point out, at any time, a scoring or timing mistake or to request a timeout to ascertain whether a correctable error needs to be rectified. (See Rules 2-12 and 5-10.5.)

- g. The head coach shall replace a disqualified or injured player within 20 seconds when a substitute is available.

- i. Using a laser pointer.

- j. Bench personnel leaving the bench area when a fight may break out or has broken out. The head coach may leave the bench area in this case to prevent the situation from escalating.

PENALTY: Article 1 and Article 2.a through i. Two free throws shall be awarded to any member of the offended team. All infractions count toward ejection but do not count toward the team-foul total or disqualification.

The coach is responsible for the conduct of all bench personnel. When a CLASS B technical foul, as described in Article 2, is assessed against an offender, it shall also be charged to the head coach as a CLASS B technical foul.

RESUMPTION OF PLAY: Article 1 and Article 2. After the administration of the penalty, play shall resume at the point of interruption.

EJECTION: Article 1 and Article 2. CLASS B technical fouls apply toward ejection when the following have been assessed: a maximum of three CLASS B technical fouls (BBB) or a combination of one CLASS A and two CLASS B technical fouls (ABB).

Any individual who leaves the bench area and enters the playing court but does not participate in a fight (Art. 2.j) shall not be assessed a CLASS B technical foul (no free throws awarded). That individual shall be ejected but is not subject to suspension.

Note: An assistant coach who replaces the ejected head coach shall not inherit the accumulative technical fouls of the head coach. However, the assistant coach shall be responsible for technical fouls previously charged to him.

Section 7. Suspensions for Fighting

Art. 1. Any member or team personnel who participates in a fight (regardless of whether he or she is a player at the time) shall be assessed a flagrant technical foul. No free throws shall be attempted by either team when there are double flagrant fouls that are offsetting.

Art. 2. The first time an individual participates in a fight during the season (including exhibition games), the individual shall be suspended from participating in the team's next regular-season game (not an exhibition contest), including tournament competition.

Art. 3. When an individual participates in a second fight, that individual shall be suspended for the remainder of the season, including tournament competition.

Art. 4. When an individual participates in a fight during his or her team's final game of the season, that individual shall be suspended from participating in the team's next regular-season game (not an exhibition contest) for which that member or team personnel would be eligible.

Art. 5. When an individual with eligibility for the next season participates in a fight during his or her final game of the season and that fight is the individual's second fight of the season, that individual shall be suspended for the first three regular-season games (not exhibitions) of the next season.

Art. 6. Any team member or other bench personnel under suspension for fighting shall not be in the team's bench area.

Art. 7. The referee may declare a forfeit when any individual fails to comply with any part of the penalties of this rule.

Art. 8. After a game, conference offices or the assigning authority may correct an error about who was involved in a fight but cannot change an official's ruling that a fight took place or lessen the severity of the penalty. The conference office or assigning authority may make those penalties more severe.

Appendix I

Fight-Reporting Procedures

The following apply to situations in which a fight has been reported by an official during his/her jurisdiction. When a fight is not reported by an official, the conference or assigning authority may invoke its own penalty. For the rules on suspensions for fighting see Rule 10-7.

1. The official shall inform the offender(s), the head coach and the official scorer that an ejection for fighting was issued (the official scorer shall note this in the scorebook).
2. After the game, the referee shall contact the coordinator of officials/ assignor for the game and report all ejection(s) for fighting.
3. The coordinator of officials/assignor shall report the ejection(s) for fighting to the conference commissioner or, if the offender is from an independent institution, to that team's athletics director.
4. The conference commissioner shall call and follow up in writing to the following people:
 - a. The athletics director of the team whose individual(s) was involved; and
 - b. When the opponent's individual(s) was ejected for fighting, that team's conference commissioner or, when that school is an independent institution, to that team's athletics director.
5. Fight-reporting procedures should be handled quickly since the long-term participation of the offender(s) shall be affected by a second fight.
6. Related considerations:
 - a. The head coach should withhold the offender(s) from the next scheduled game even if the conference or athletics director has not contacted him or her.
 - b. Institutional and conference policy dictates whether a suspended individual shall be permitted to attend a game from which he or she

is suspended. If the individual(s) attends the game, he or she shall not be in the team's bench area.

- c. After a game, conference offices or the assigning authority may correct an error about who was involved in a fight but can neither change an official's ruling that a fight took place nor lessen the severity of the penalty but may make the penalty more severe.

Appendix II

NCAA Tobacco Policy

In accordance with NCAA bylaws, the use of tobacco by student-athletes, or team or game personnel (e.g., coaches, athletic trainers, managers and game officials) is prohibited in all sports during practice and competition.

Any student-athlete, or team or game personnel who uses tobacco during practice or competition shall be disqualified for the remainder of that practice or competition.

During regular-season play, each institution shall be responsible for enforcing this rule for its own student-athletes, team personnel and game personnel. During postseason play, which includes conference tournaments, play-ins and NCAA tournament games, the governing sports authority or the games committee shall enforce this rule.

Appendix III

Officiating Guidelines

Section 1. Bench Decorum

A. **Coaching box.** The rules committee wants the coaching box rule enforced and technical fouls called for infractions. Coaches are expected to remain in the coaching box. To do otherwise results in a distinct advantage that is not within the spirit and intent of the rules. Roaming coaches also negatively influence play by being out on the court. The rule is clear and concise. Some coaches blatantly disregard the coaching box and many officials refuse to enforce the rule. Head coaches have the responsibility to remain in the box and behave in a sportsmanlike manner. Institution and conference administrators must demand that their coaches adhere to the rules and must support officials who properly enforce the rules. The following guidelines have been established to assist in adjudicating this situation.

1. **Out of the coaching box.** The rules prohibit the head coach from being outside the prescribed coaching box. After a warning, a technical foul shall be assessed when a coach is clearly and completely outside his/her box.
2. **Unsportsmanlike conduct.** Coaches engaging in minor conduct infractions should receive a warning from officials. Any subsequent violation results in a technical foul. Any egregious (blatant) conduct violation, while inside or outside the coaching box shall be properly penalized without warning, with a technical foul.

B. **Assistant Coaches and Bench Personnel.** All bench personnel, with the exception of the head coach, are required to be seated on the bench while the ball is live except to react spontaneously to an outstanding play and then to immediately return to sitting on the bench. Violations by players, and especially assistant coaches, should not be tolerated by officials. When assistant coaches or bench personnel are violating bench decorum rules in a minor way, the official shall inform the head coach and request that he/

she handle the situation. This is an official warning. Any further violation by bench personnel shall result in a technical foul assessed to the offender. Egregious (blatant) conduct violations by assistant coaches or bench personnel need no warning and shall immediately result in a technical foul. A technical foul assessed to bench personnel is also assessed (**women**) indirectly and (**men**) as a CLASS B technical foul to the head coach.

Section 2. Screening

A screen is legal action by any player with or without the ball, which, without causing contact, delays or prevents an opponent from reaching a desired position. A screener must maintain a normal stance with feet no wider than shoulder width apart. If a player is engaged in illegal screening tactics and there is no contact with the opponent, no foul has occurred. Players must adhere to the screening rules outlined in Rule 4-59.

A foul shall be called when:

1. A defensive player is held or pushed off of his/her intended path around a screen by use of the arms, legs or body.
2. A defensive player holds or pushes through the screen with his/her arms, legs or body.
3. The screener extends the hips or buttocks to displace the defender as she moves around the screen.
4. The screener extends his/her legs beyond legal width and trips his/her defender as she moves around the screen.
5. The screener sets a “blind” screen (outside the visual field) on a stationary defender that doesn’t allow his/her a normal step to move.
6. The screener sets a “blind” screen (outside the visual field) on a moving defender and doesn’t allow ample time to stop or change directions; usually one to two strides.

Section 3. Hanging/Grasping on the Ring

Players should not be permitted to hang on or grasp the basket ring in an excessive, emphatic manner during dunks when there is no possibility of a resulting injury occurring. The intent of the rule does not permit a player to hold the ring and lift his or her body or legs, or in general, hang on or grasp the ring for emphasis. This is especially true for a player who dunks

the ball on a breakaway or when no defender is nearby. Injuries, sometimes serious, can occur as a result of grasping/hanging on the ring. Game delays also result when damaged equipment must be fixed or replaced. When there is no obvious injury circumstance to be avoided by grasping/hanging on the ring, doing so in an emphatic matter is a **(men)** CLASS B and **(women)** Player/Substitute technical foul.

Section 4. Intentional Personal Fouling

Guidelines for calling the intentional personal foul are:

- a. Any personal foul that is not a legitimate attempt to directly play the ball or a player is an intentional personal foul.
- b. Running into the back of a player who has the ball, wrapping the arm(s) around a player and grabbing a player around the torso or legs are intentional personal fouls.
- c. Grabbing a player's arm or body while initially attempting to gain control by playing the ball directly is an intentional personal foul.
- d. Grabbing, holding or pushing a player away from the ball is an intentional personal foul.
- e. Undue roughness used to stop the game clock is an intentional personal foul and, if severe, should be called a flagrant personal foul.
- f. It is an intentional personal foul when, while playing the ball, a player causes excessive contact with an opponent.

The intentional personal foul must be called within the spirit and intent of the intentional-foul rule.

Section 5. (Women) Displacement

The following guidelines have been established to help coaches, players and officials achieve a level of play that will allow freedom of movement for all players on the court and make the game a free-flowing, exciting game to watch. Officials must enforce these guidelines to ensure that freedom of movement is permitted in the game.

Post Play

- a. **Definition.** A post player is defined in Rule 4-54 as any offensive or defensive player in the lane area with or without the ball with her back to the basket. The lane area includes the three-second lane (See Rule 4-67) and approximately three feet just outside the lane. An offensive

post player becomes a ball handler when, while in the lane area, she turns and faces the basket with the ball or moves completely outside the lane area with the ball.

- b. Legal activity.** It is legal for a defensive player to place one or two body parts (hands or arm-bars) on the offensive post player provided no holding, displacing or illegal contact occurs. Legal contact occurs when offensive and defensive players are touching and both are maintaining a legally established position. However, when any legal contact occurs between post players to maintain a position, an official's awareness should be heightened and he/she should be prepared to make a foul call when the contact becomes illegal.
- c. Illegal contact.** A foul shall be called when:
 1. A legally established arm-bar is extended and displaces an opponent.
 2. Displacement occurs from a locked and/or extended elbow.
 3. A leg or knee is used in the rear of an opponent to hold or displace.
 4. An offensive post player "backs-down" and displaces the defender once that defender has established a legal guarding position.
 5. The offensive post player holds, hooks or displaces the leg or body of the defender.
 6. An opponent is displaced from a legally established or obtained position.

Ball Handler or Dribbler

- a. Definition.** A ball handler or dribbler is any player with player control (holding or dribbling) outside the lane area, either facing or with her back to the basket. An arm-bar is contact with the forearm that is away from the body.
- b. Legal activity.** The following are examples of legal activity:
 1. A one hand "measure up" by the defense. This means, one hand (front or back of the hand) contacting the ball-handler/dribbler and immediately removing that hand. Also known as a "hot stove" touch. This is the ONLY hand contact that is legal by the defense and is considered incidental.

2. When a dribbler makes a move past a defender, and the defender's arm, which is against her own body, makes incidental contact with the dribbler. Bodies may momentarily touch as long as there is no displacement.

c. Illegal contact. A foul shall be called when:

1. The defender contacts the ball-handler/dribbler ANYTIME with two hands.
2. The defender places a hand (front or back of the hand) on the ball-handler/dribbler and keeps it on.
3. The defender contacts the ball-handler/dribbler more than once with the same hand or with alternating hands.
4. The defender contacts the ball-handler/dribbler with an arm-bar.
5. Any displacement, holding or pushing occurs by either the offense or defense.

Cutting

a. Legal activity. If the defender beats the cutter to the spot, the defender's position is legal and the cutter is responsible for contact.

b. Illegal contact. A foul shall be called when:

1. The cutter is held with the hands, body or arm-bar.
2. The cutter is pushed with the hands, body or arm-bar off her intended path.
3. The cutter initiates contact and pushes or holds the defender in any way.
4. Holding, pushing or displacement occurs by either the offense or defense.

Rebounding

a. Definition. A rebound is an attempt by any player to secure possession of the ball after a try for goal. There is no player or team control on a rebound. The act of "blocking out" an opponent on a rebound is an attempt by any player to prevent an opponent from getting a rebound without displacing that opponent. Backing out an opponent is displacement and should not be confused with blocking out.

- b. **Legal activity.** Players must remain in their established vertical plane when rebounding and adhere to the rebounding principles in Rules 4-55 and 4-74.
- c. **Illegal contact.** A foul shall be called when:
 1. The offensive or defensive player uses her body to “back out” or push an opponent from her legally established position. A player may not be pushed farther away from the basket.
 2. A player is held to prevent her from getting closer to the basket.
 3. The arm(s) of the opponent are “hooked” so she is unable to extend her arms to get the ball.
 4. A player behind an established opponent uses her hands, arms, body or legs to displace in any way.
 5. An airborne rebounder is undercut and displaced; taking away her landing space.

Section 6. (Men) Post Play

Some guidelines to officials in making correct, consistent calls in low-post play:

- a. Observe the entire play, especially when responsible for off-ball coverage.
- b. Anticipate the play but not the call when post players are in fronting situations.
- c. A defensive player pushing a leg or knee into the rear of the offensive player shall be a personal foul on the defender.
- d. An offensive player dislodging a defensive player from an established position by pushing or backing in shall be a personal foul on the offensive player.
- e. A player using the “swim stroke” arm movement to lower the arm of an opponent shall be charged with a personal foul.
- f. Post players using hands, forearms or elbows to prevent an opponent from maintaining a legal position shall be charged with a personal foul.

Section 7. (Men) Hand-Checking (Impeding the Progress of a Player)

To curtail hand-checking, officials must address it at the beginning of the game, and related personal fouls must be called consistently throughout the game. Some guidelines for officials to use when officiating hand-checking:

- a. When a defensive player keeps a hand or forearm on an opponent, it is a personal foul.
- b. When a defensive player puts two hands on an opponent, it is a personal foul.
- c. When a defensive player continually jabs by extending his arm(s) and placing a hand or forearm on the opponent, it is a personal foul.
