**PRO MOLD CUSHION EDGE**

**APPLICATION**

The double sided backboard padding is 2" thick, urethane foam that protects the players while the skin molding process protects the padding. Each half is 36" long and allows for 15" to run up the side of the rectangular backboard. Each half is symmetrical which allows the half sections to be used on both right and left sides of the backboard. Half sections bolt to all 72" official glass backboards that have a width of 2". Meets all NCAA, high school and FIBA specifications.

Mounting hardware is included.

Available in the following colors:

<b>PMCE COLOR</b>	<b>PART NUMBER #</b>
BLACK	PMCEBLK
